COLLECTION OF SOLID WASTE BY INDIVIDUALS

The collection of solid waste by individuals, commonly referred to as dumpster diving, is hereby prohibited except as expressly authorized hereunder.

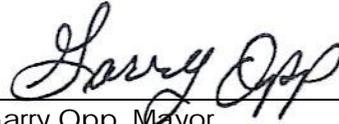

No person, except the owner or lessor, permitted person or licensee, may search, rummage through, sort, remove or otherwise gather up any solid waste, including but not limited to debris, junk, aluminum cans or other recyclables, or anything set out for collection by the City's authorized designee.

An individual may be allowed to remove and gather such solid waste items having:

1. Purchased an annual fee for \$100.00 from the City Auditor.
2. Obtains express annual written permission from the owner or lessor from each business or commercial entity placing solid waste for collection.
3. Written permission is not necessary for City sponsored residential "clean up days". However, a residence may sign their collection point by a no trespass placard that disallows individual collection from that site.

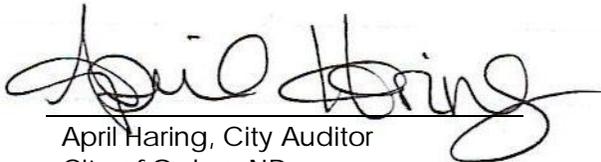

PENALTY

Any person found to have violated any provision herein shall be assessed a fee of \$100.00. A second violation within a calendar year results in revocation of permit and the violator shall be assessed a fee of \$200.00.
